

Women's Voices for the Earth

Green Cleaning Workshop

Saturday, March 26th
3:00pm-5:00pm

Learn how to make household cleaners from simple, non-toxic ingredients and essential oils.

Many household cleaners contain toxic chemicals that may be hazardous to you and your family. But you can wipe out unsafe chemicals by mixing your own cleaning product!

Please bring your own containers and we will supply the ingredients and give a demonstration and instruction.

You will learn by doing and take home recipes, products and more knowledge of the benefits of a non-toxic approach to household cleaning.

Only \$5/members \$7/non-members

Clear Creek
Food Co-op

710 East Main Street
Richmond, Indiana
